SUBJECT: Federal Paid-Parking Program

Attached for your information and use, if appropriate, is an excerpt from the 15 November 1979 issue of the Federal Register which exempts handicapped personnel from a fee for parking at Federal facilities. This modification to OMB Circular A-118 indicates that severely handicapped persons whose impairment effectively precludes their use of public transportation facilities shall receive a parking space without charge. Original OMB guidance provided for free parking for handicapped employees only if their vehicles were specially equipped. As indicated, any parking payments collected after 1 November 1979 from personnel who qualify under this new definition should be refunded.
